## PPT Core Business & Market Gaps

Project Preparation Trust of KZN is an independent public interest organisation established in 1993. PPT have a vast experience in preparation of the range of development projects for disadvantaged communities. Stakeholders relations is the building bloc for project preparations. The synergy between project stakeholders serves as the foundation for any successful project.

PPT Facilitation Unit responds to market gaps through building relationships and provision of facilitated decision making process. Why wait for the problems to overshadow your good work get facilitators with extensive experience achieve amicable resolution. Our facilitation have Standalone and project support facilitation service. Both services are crafted to engage communities to participate in their own development .

Group session - Illovo Housing Retrofit project
